

# KNELSON-SIZETEC SCREENS

Providing Unique Processing Solutions To The World

## SUPER SIEVE SCREEN

**MODEL SVS 6560RS**

## FEATURES

- High frequency continuous straight up and down motion
- Dual outside feeds single center discharge configuration
- Two 60" radius x 60 degree sieve bend screens face to face arrangement
- Polyurethane or profile wire sieve bend screens
- Complete unit with feed boxes and pedestal mount stand
- Rigid screen box frame construction with rubber lining
- Self-locking screen fastening system
- Reliable vibrator motors
- Trunnion suspension with heavy duty coil springs
- Water spray bars optional
- Standard models: 4' wide (8' feeding width), 5' wide (10' feeding width) and 6' wide (12' feeding width)

## ADVANTAGES

- Very efficient separation with high frequency vibration
- Consistent product moisture with continuous vibration
- Adjustable feeding trajectory feed boxes
- Able to rotate sieve bend screen for longer life services
- Trouble free vibrating mechanism
- Easy change or rotation of sieve bend screen

## APPLICATION

- Wet fine particle size separation ranging from 8 mesh to 200 mesh (3 mm to 75 micron)
- Desliming of fine particle materials
- Scalping of coarse materials
